

# Free Lectures

4 Free #PedsID Sessions for Paediatricians and Researchers

Like last year we are delighted to offer you **free access to 4 PID sessions in August!**

Watch these intriguing sessions and come back for more.

## 4 Free PID Sessions

In August, we will be releasing a free session or lecture each week, so keep an eye on social media and your email account. Come back on 10, 16, 23, and 30 August. Stay tuned to get access.

It is never too late to start learning and change the lives of children!

Some things are too important not to share, which is why you can enjoy the next free session from **ESPID 2022 and ESPID 2021** now.

We asked senior ESPID members which publications, from throughout the ages, were instrumental to the field of paediatric infectious diseases and what we can learn from them today.
