

Meet The Expert Sessions

Interactive & Case-Based Discussions

ESPID 2023's Meet the Expert Sessions will consist of interactive case-based discussions with one or two expert discussants together with a coordinator and selected presenters who will present and discuss cases on a topic of interest. The experts may frequently use case reports with questions regarding diagnosis and management, usually chosen from ESPID 2023 abstract submission.

Do I need to pre-register for Meet the Expert sessions?

There is no need to register for a Meet the Expert (MTE) Session. If the room is full you may need to choose to attend a different session.
